By Jacqueline Monei

Public Relations Officer Charles Keikothae and Certification Assistant Kenneth Thokweng explaining BEC mandate to Vice President Dr: Ponatshego Kedikilwe.

The Botswana Examinations Council (BEC) is living the vision, this was witnessed at the Kgalagadi District where this year's Vision 2016 awareness month was launched.

Amongst the seven pillars of Vision 2016 BEC supports and contributes to the pillar of an Educated and Informed Nation. The main aim of this pillar is to ensure that Botswana has a rising and high literacy rate aided by an increase in education. The roving commemoration was this

year held in Tshane 15 Km from Hukuntsi, under the theme "Living The vision, 'Yame le Wena'. BEC attracted multitudes of people at its stall both young and old educating them about BEC mandate. The audience was excited about BEC visiting their village, they pointed out that they are far from the city and some information do not reach them and commended BEC for visiting them as they have learned a lot about BEC.
